Man Threatens Wife in S.S.F. With Ice Pick

A young wife, who was forced to leap through the glass of a second story apartment window in South San Francisco Monday to escape her husband who was pursing her with an ice pick, swore out a complaint against him, charging him with assault with a deadly weapon.

Under arrest is Navyman Clyde Denning, 31, of Oakland Navy Airport, while recovering from cuts and bruises after treatment at South San Francisco Hospital, is his estranged wife, June, 24, mother of two small children.

Mrs. Denning told South San Francisco police that at 11:05 Monday night her husband gained access to her apartment, that she refused his amorous advances, that he became enraged and picked up an ice pick.

She then leaped through the window. As she disappeared over the sill the husband succeeded in grasping her feet, but later allowed her to slip through his grasp and fall to a lumber pile.

He then, according to police, leaped out the window, threw the ice pick at her, and reported the affair to the police headquarters. Officer Michael Lamuth placed him under arrest. The children of the couple were not in the apartment at the time of the fracas.

S.M. Approves Mormon Church

SAN MATEO—The Mormons can build their chapel in Baywood.

San Mateo City Council Monday night in a fiery, bitter session reversed the planning commission's decision against the church with a 3-2 split vote in the face of loud and belligerent protest by more than 75 Baywoodites.

Banding together in a combination unique in this council's history, Councilman Carrol M. Speers, Creed Haberlin and Edward J. Reilly, forced the vote in favor of the Church of Jesus Christ of Latter Day Saints.

Councilman Richard McAllister, who first spoke in behalf of freedom of religion and the "need of churches to combat juvenile delinquency" backed down when the issue came to a vote declaring himself "confused" and signified that he would concur with the planning commission's recommendation to keep the church out of Baywood.

Mayor Claude Hirschey alligned himself with the planning commission, stating "we have a planning commission and an ordinance we must follow."

"The council has done a dirty trick on the people of Baywood," shouted Baywoodite M. J. Ryan, when the vote was announced.

The mayor ruled Ryan out of order and declared the matter closed.

The protesting body moved out in the city hall garden court to contiue its discussion. Outcome was to schedule an open protest meeting tomorrow at 8 p.m. in the city hall auditorium, with Robert R. Norton, president of the Baywood Owners Assn., in charge.

Child Centers May Get Aid From Truman

Action from President Truman on child care center maintenance throughout the nation was expected momentarily Tuesday following a request from Governor Warren to Truman that Lanhan Act funds be extended for the centers at least in California while the present emergency exists.

The Redwood City center at McKinley School was ordered closed Oct. 31 unless more funds are forthcoming from the federal or state government. More than half of the working mothers here who use the center are wives of service men overseas and must work in order to maintain their families.

Meanwhile in San Francisco yesterday, the Assembly Interim Committee importuned Congress and the President to continue Lanham Act funds at least until June 30 as a temporary measure and in a second resolution called upon Warren to include the general question of child care in a special session of the legislature.

Harold J. Hjelm Receives Pardon

Pardon for Master Sgt. Harold J. Hjelm, 1800 Whipple Ave., was granted Monday by Gov. Earl Warren at Sacramento. Hjelm was given parole in April, last year, from San Quentin after serving time since he pleaded guilty in Stanislaus County to forgery and grand theft counts in October, 1942.

New Dog License May Have 'Teeth'

San Mateo County's new dog license ordinance may have "teeth" in it soon, if supervisors accept the proposal of Henry J. Dodd of Brisbane to become county poundmaster, license fee collector, and dog catcher.

The county ordinance, setting a $1 fee for male and $2 fee for female dogs living in unincorporated areas of the county, became effective last Aug. 1. No provision was made then, however, for poundmaster, County Clerk W. H. Augustus pointed out. As a result, less than 20 licenses have been purchased to date, he said.

Dodd's proposal, Augustus said, was presented supervisors in a recent letter. He indicated he would like the job probably on a salary basis until such time as his activities could provide suitable remuneration on a percentage fee basis.

THE ROAD AHEAD IS BRIGHTER!

America has rounded the great bend in the highway of war, and the road ahead is bright with hope and promise. Highways will soon be happy ways again.

Instead of leading to battlefronts and dangers, highways will lead to home—to old friends and new happiness.

And that's where Greyhound will be proud to round out its immense wartime job—by re-introducing service men and women (and travel hungry millions at home) to the land they fought for, the land they love.

With the lifting of wartime restrictions, Greyhound will further improve its service. More schedules will be added, giving greater frequency and offering more convenience. Newer buses, modernized terminals, new high standards of highway travel are now on the way. Look ahead with Greyhound!

Captain Crowley To Describe Record of Jap-Americans

The record of Japanese-American soldiers fighting for the United States during World War II will be explained by Capt. Thomas E. Crowley during a meeting open to the public in the Sequoia High School auditorium tonight sponsored by the Sequoia Adult Evening School and the Sequoia Parent-Teacher Assn.

Captain Crowley, who is touring the West Coast for the War Department to inform the public about American soldiers of Japanese ancestry, will speak at 8 p.m. He will discuss the problems of the soldiers who return with their families to their former homes on the Pacific Coast.

Crowley, a graduate of Loyola University, studied law there for two and a half years after graduation and worked in the legal department of the Chicago Motor Club prior to the outbreak of war. He entered the army as a private in February, 1942, and joined the 442nd combat team, consisting of Japanese-Americans, after his commission.

The 28-year-old officer went overseas in the Spring of 1944 and received the Purple Heart for wounds suffered near Sassetta. His wife and daughter live in Madison, Wis.

Postpone Action On City Manager

Councilmen Harold F. Anderson and Evans A. Fletcher were unable to attend Tuesday night's council meeting so a discussion of applicants for the vacated position of city manager was postponed, Mayor W. W. Hilton reported today.

Hilton said a meeting of the full council would be scheduled shortly to discuss applications for the position which has remained vacant since Robert W. Mead's resignation on Aug. 6.

To date, some 15 men have applied for the position.

Visitacion Property Sells for $75,000

Sale of more than 10 acres of the original Schwerin estate in Visitacion Valley was disclosed Tuesday as California-Pacific Title Co. filed deed with Recorder T. Clark Rice here.

Mrs. Winnie R. Schwerin sold the acreage for a reported $75,000 to Kwan Tung and his wife, Shum Shee. The property is bounded by Carter and Wallbridge Sts., and adjoinins the former Baden dog racing track.

The sequoia trees of California are thought to be the oldest living things. Some are estimated to be 4000 years old.

Sheriff's Deputies Halt Courtroom Melee' After Judge Awards Baby to Real Mother

Miss Helene T. Rossing of Millbrae and her year-old son were secluded in an unnamed hotel Tuesday, with a protective guard of sheriff's deputies, as an aftermath of Monday's riotous hearing in superior court here.

Judge Andrew P. Schottky returned the boy, named William Howard Johnson by his mother, to her, after a court hearing in which would-be foster parents protested, wept and attacked Miss Rossing.

The child's return was granted after Miss Rossing's attorney, Joseph F. O'Malley, filed a writ of habeaus corpus to force Mr. and Mrs. Theodore O. Meri of San Bruno to relinquish the infant. An original adoption attempt by the Meris, who have had the boy almost since his birth, was ended last July when Judge Maxwell McNutt, in juvenile court, denied the Meri petition. Miss Rossing has sought custody of the boy since.

Highlight of yesterday's hearing came when Judge Schottky ordered the child returned to Miss Rossing after he declared:

'Not even Solomon himself could settle this one. It's going to be a heartbreak for somebody, no matter how I rule."

Mrs. Meri screamed, "Unfair!" A soldier, assertedly a relative of Mrs. Meri, shouted "We fought for justice—and this is what we get!" Meri himself dashed to the bench to shout: "What are you trying to do, legalize adultery?"

Then Mrs. Meri rushed at Miss Rossing, grabbed her by the hair, and swung a handbag into her face. Deputies separated the women and escorted Miss Rossing and the child from the courtroom. They planned to guard her for several days, if necessary.

Mrs. Meri socked Dep. Sheriff Milton Minehan in the eye and kicked Dep. Sheriff Jack Grill.

Redwood City Housewife Prefers Jail to Home

Mrs. Edna Nelson, 54, housewife of 342 D St., was in the county jail Monday because she didn't want to go home Sunday night after Officers Herman Estes and Joel Mansfield taxied her there in a police car.

The woman, officers said, was creating a disturbance on Broadway about 11:30 last night. Offering her a ride home, they suggested she retire. Her desire to return downtown led to an argument, attempted blows, and finally her lodging in the county jail on peace disturbance charges.

Belmont May Receive Two New Street Lights

Belmont residents, if the State Highway Commission approves, will soon get the two street lights they have asked for the intersection of El Camino Real and Harbor Blvd. there. Supervisors Tuesday approved a petition of 25 Belmont lighting district property owners for installation of the two street lights.

Philip Fox of Redwood City Dies From Accident Injuries

Services were held Wednesday for Philip Fox, 40-year-old Redwood City tire salesman, whose death Tuesday at the Palo Alto Hospital was attributed to an automobile accident in Los Altos Aug. 1.

Mr. Fox suffered fractured ribs when the pickup truck he was driving for Feldman Tire Co. here blew a tire and overturned on Fremont Rd., Los Altos. The salesman was released from Palo Alto Hospital Aug. 4 after his condition was pronounced satisfactory but was returned to the hospital Aug. 6 and remained there until his death yesterday.

Mrs. Jessie Spalding, Santa Clara County coroner, asked that the body be returned from the Sinai Memorial Chapel in San Francisco yesterday after officials decided that the Aug. 1 accident might have had something to do with Mr. Fox' death.

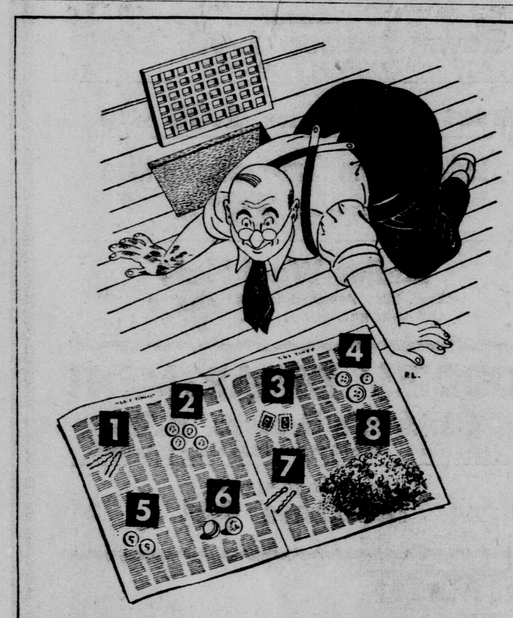
Dep. Coroner Willis Roller of Roller & Hapgood Mortuary in Palo Alto, performed a post mortem examination last night and decided that Mr. Fox died of a blood clot growing out of the accident. No inquest was scheduled.

Mr. Fox, brother-in-law of Harry Feldman, tire company owner here, lived at 318 East Hopkins Ave. with his wife, Eva, and 3-year-old daughter, Lois Joyce. He had been employed in Redwood City for 15 months, having moved here from Oakland where he was a free-lance commercial artist for 10 years.

A graduate of the Boston Art School, Mr. Fox was a native of Lawrence, Mass. He is also survived by his parents, Mr. and Mrs. Hyman Fox of Massachusetts; two brothers, Ben and Sam Fox, and a sister, Mrs. Minnie Scolnick.

Mr. Fox was a member of B'nai Brith and Temple Beth Jacob of Menlo Park. Rabbi Bert Woythaler of Temple Beth Jacob and Rabbi Burstein of San Francisco officiated at the services this noon at the Sinai Memorial Chapel. Interment followed at the Eternal Home Cemetery.

America's first transcontinental railway was built in Panama, spanning the 50-mile isthmus.



"BURIED TREASURE"

cried Mr. A. After he had cleaned out the cold-air return of his furnace (or could be a Floor Furnace)

Mr. A's findings were:

1 TWO HAIRPINS
2 FOUR PENNIES
3 TWO XMAS SEALS
4 THREE BUTTONS
5 TWO TOKENS
6 TWO MARBLES
7 TWO BOBBYPINS
8 ACCUMULATED SAND, SOIL, LINT AND DIRT

HAVE YOU cleaned up your heating equipment for winter use?

Mr. A has just finished a household chore he will be bragging about for months to come. He will have a right to brag, too. More than just discovering "buried treasure"—he will get more heat all this coming winter and heat will be coming through his furnace faster and Mrs. A. will have less frequent dusting to do about the house.

Take a "look-see" at your heating equipment. Lift off one of the furnace floor-grills and let your conscience be your guide.

If you have a blower-type furnace, give the motor and fan shaft a few squirts of oil. Put in new, clean filters. Your heating dealer has them in stock. They cost little. They are not scarce or rationed.

R.C. To Eliminate Discount To Absorb Water Rate Increase

Redwood City will absorb the 18 per cent boost in water rates by eliminating the 10 per cent discount afforded water users for early payment of bills and by dropping the Victory Garden refunds, city councilmen agreed Wednesday night.

The councilmen, in following a recommendation of Auditor C. G. Uhlenberg, voted unanimously for a motion introduced by Councilman C. C. Armstrong who said, "The easiest way — it is never easy to take money away from people — is to abolish the discount."

Uhlenberg's report, prepared as a preliminary to the 1945-46 Water Dept. budget, estimated the increase recently adopted by the San Francisco Water Dept. would add approximately $17,650 to the cost of water during the coming year.

The 10 per cent discount accounted for a $17,278.32 item in operating revenues for the year ended June 30, he pointed out, while Victory Garden refunds totaled $1652.69.

Uhlenberg, who suggested "elimination of the 10 per cent discount may have a tendency to 'slow up' collections," also proposed an increase in rates as a secondary means to produce additional revenue, and estimated a gross increase of nine per cent would be necessary.

The water department, Armstrong declared, showed a "nominal rate of profit," or about 1.8 per cent.

Present surplus in the department will be needed to finance necessary extensions and improvements that otherwise would have to be paid for with additional tax levies or bond issues, he said.

Water users will be notified of the change by postcard, councilmen voted.

Victory Garden refunds will be continued to Nov. 1, expiration date, it was determined.

The discount has, in the past, been granted to water users for payment of bills within a certain stipulated time — usually 15 days.

Six city employes, last month ordered to move into Redwood City to comply with city charter requirements, were given until the next council meeeting when Mayor W. W. Hilton replied to a question of Councilman C. A. Britschi, "I've had no report on that."

Other business transacted by the councilmen included:

1. Approval of a two-man committee to study the city dog pound with a view of moving it from its present location at Charter and Stambaugh Sts., proposed site of a new elementary school.

2. Denial of use of Redwood City water and sewage facilities to developers of a 12-acre tract in Eaton Ave. Villa unless the property is annexed to the city.

3. Granting a $450 contribution to the National War Fund.

4. Denial of application of the Coldiron and Peeples Oil Co. for permission to erect three 15,000 gallon storage tanks on a site adjacent to the Southern Pacific tracks near the FG&E plant.

5. Postponement of the proposed creation of a committee to study possible charter amendments.

6. Asst. City Engineer Charles Randlett reported the Hudson St. and Clinton St. sections of the sidewalk improvement program had been completed, and that work was progressing favorably on the other three portions of the city-wide project.

7. Consideration of an ordinance introduced by Councilman Armstrong, repealing five "war" ordinances, including those setting up a defense council, a citizens defense corps, air raid precautions and dimout regulations.

8. Heard a complaint from Thomas Callen, owner of a house at 1704 Roosevelt Ave., who said the city had denied water to a mother and her two children, tenants in the house. The matter was placed on the agenda, pending approval of the fire chief, building and health inspectors, after councilmen reported condemnation proceedings had been placed on the property some years ago.

9. Consideration of a protest from Jacob H. Wiens of 1146 Palm St., concerning keeping of bees on property occupied by Carl Kersten at 1463 kentfield Ave.

10. Postponement of action on a request from owners of the Redwood Diner on El Ramino Real regarding granting of a permanent permit if alterations and repairs are made to the property.

115-Year-Old Woman Dies

A 115-year-old woman, resident of Half Moon Bay for more than 80 years, died Monday in a Millbrae sanatorium.

Mrs. Genevie Vargas was in vigorous health until recently when she became ill with bronchial pneumonia. She was born Genevie de Brum in Portugal and on a voyage to America in 1865 she met a widower with five children, Joseph Vargas.

They were married and she bore him seven children. The couple settled on a Half Moon Bay ranch after a 47-day trip around Cape Horn. Mrs. Vargas leaves three children; Joseph and Frank Vargas of Oakland and Mrs. Annie Munes of Campbell.

Funeral services were held this morning from the Nieri Funeral Home in San Bruno.

'Rebecca' Plays At Curran Theater

Reversing the customary procedure of the entertainment world which has held persistently to the convention that motion pictures are made from plays and not plays from films, "Rebecca,"—the stage version of Daphne du Maurier's best seller—is currently attracting wide public attention at the Geary, giving nightly performances, including Sundays, and matinees on Saturdays and Sundays, with Diana Barrymore and Bramwell Fletcher costarring as Mrs. de Winter and her husband Maxim.

There is little need to tell the average reader about "Rebecca," for the tale of the unhappy second wife, the mysterious husband and the grim and terrifying housekeeper is one of the best known narratives of our times.. It could even be said that the mansion where the action takes place is known by name to millions; the great house called "Manderly," scene of most searching drama.

It's LoVoi, Not Lovoi, Who Made Settlement

Anthony Lovoi, assistant San Mateo County probation officer, is not the Tony LoVoi who settled an $11,000 damage suit out of court this week.

In the out-of-court agreement, LoVoi, together with Anthony and Rose Tarantino, agreed to pay the damages arising out of an automobile accident on the San Mateo Bridge Nov. 19, 1944.

Menlo Park Citizens Express Pros, Cons on Improvements

More than 75 citizens jammed the Menlo Park City Hall Tuesday to hear a discussion on a proposed plan for a modern business district.

Mayor Donald Fisher called on City Engineer Edwin Smith to outline the improvements recommended by the planning commission and city council. Engineer Smith explained that the plans called for a 14-foot widening of Santa Cruz Ave. from El Camino to University Dr. and two large parking lots between Oak Grove and Santa Cruz Ave.

W. S. Whitney of 853 Santa Cruz Ave. agreed that the city needed some improvements because it was "25 years behind the times," but called the size of the proposed parking lots "fantastic."

Another dissenter was E. E. Quayle, who accused the planning commission and city council of trying to scare the property owners into a plan that would result in heavy taxation.

Vernon Barker, chairman of the planning commission, explained that the meeting was called so the city officials could obtain the views and suggestions of all the citizens. He outlined the benefits of the proposed plan and cited the increase in value of property as a result of the improvements.

J. J. Garland, Santa Cruz property owner, agreed with Parker and added that it was also the opinion of real estate experts that the plan would mean a considerable increase in the value of Santa Cruz lots and veterans building.

Mrs. Gordon Bowles agreed that improvements were necessary but thought that the proposed plan should be modified.

P. W. Pembroke held the floor for 30 minutes while he presented his own plan for an "ideal" business district calling for a new City Hall, government building, parking Ave. property.

244 Enroll At Sequoia Adult School

Principal S. S. Mayo of the Sequoia Adult Evening School announced Tuesday that 244 students have enrolled in the school as compared with 280 last year. Registration is still open.

The woodshop class on Monday and Wednesday is full but students can still enroll in the Tuesday and Thursday evening class, Mayo said. The pottery class is also full and much enthusiasm has been evidenced in the mixed badminton class, according to the principal.

A few more persons can take machine shop and much interest has been reported in the commercial department, Mayo disclosed. If more students show interest in speech improvement, mechanical drawing and furniture upholstery, those classes will be taught.

FACTS about the FUR TAX

1. The Luxury Tax Law was passed as a temporary wartime emergency measure, to be continued at least SIX MONTHS AFTER the President has officially proclaimed the cessation of hostilities.

2. To date, no such official proclamation has been made. No one knows when it will come.

3. Even if the proclamation of the cessation of hostilities should come TODAY the tax would still be on for at least SIX MORE MONTHS — that is, until some time NEXT SPRING.

4. Remember, this tax is a law, like any other law. Only an Act of Congress can repeal it before the termination date now provided.

If you need a fur coat now, by all means, BUY IT NOW. It may be a long time before the war tax on furs "comes off".

In the meantime, Montgomery Ward offers you the finest fur values that money can buy. Because we are the nation's largest retailer of popular priced furs, it is possible for us to bring you an unusually large selection of prime quality furs, superior in workmanship and design, at LESS than you'd planned to spend.

Montgomery Ward

BELL SYSTEM

WE ARE ON OUR WAY

The peak of our Company's telephone shortage was in August. Then we had about 305,000 unfilled orders for service of which more than 298,000 were for service in residences.

More orders come in every day, but now we are installing telephones faster than the new orders come in. We will get 80,000 telephones from July to December 31 this year, and 80,000 in the first three months of 1946.

Western Electric, our manufacturing company, is setting up every machine it has that will make telephone equipment.

In the next 12 months the Bell System expects to install more telephones than there were in all of France and Belgium before the war.

Even that will not give service to everyone who wants it in that time. There are places where we have complicated switchboards to install—even places where we must build new buildings for the new switchboards. While there were in August more than 123,000 unfilled orders due to lack of telephone instruments, there was a greater number, about 164,000, unfilled due to shortage of central office facilities.

But we are on our way to give service to all who want it—on our way to restore Bell System standards of service and raise them even higher. We are turning our facilities back to civilian service just as fast as we turned them to the instant needs of war.

Business Men Predict Thousands of Homes, Millions of Dollars

Those in the building business this week viewed a pending boom that will add thousands of homes and millions of dollars in San Mateo County.

The spiral looked so big no one could estimate the overall size of it. And no one could be sure when it would end.

Touched off by Tuesday's reconversion ruling lifting all restrictions on construction of private homes and other buildings effective Oct. 15, opinions from San Mateo County contractors, real estate men, labor and financial leaders vary somewhat on the situation. But all are agreed:

1. The Peninsula will soon be abounding with homes under various stages of construction.

2. No one could estimate the number of houses that would be involved or the amount of money that would be expended; the picture was that big.

3. Labor and material shortages are going to retard the progress considerably.

For Ross Chamberlain, Redwood City contractor, whose company is developing a 40-acre industrial site, five subdivisions and other projects, the future looks "bright."

The lumber shortage is now only "something people talk about," he said, adding shortages in other building materials should be relieved by Spring.

Chamberlain is awaiting home construction until then. More and different kinds of material will be available by Spring, he predicted. There won't be anything revolutionary, he said, but improvements and modifications will make homes better.

Labor shortages will be the headache in the boom, he believes, and scarcity of men will in turn affect the cost which has already boosted expense of building a $6000 house to $8000.

He predicts the boom spiral will be its biggest in 1947, but how big is hard to say. Redwood City alone should easily register two and a half million in a peak year, he said.

Harry Hoefler, Peninsula realtor and developer of a Woodside subdivision containing 52-acre parcels, declared the pending boom is reflected in recent sales of home sites.

The demand has exceeded the supply in many instances, he said. High on the list of preferred are sites for California ranch-type houses, a style which necessitates larger acreage than formerly popular narrow lots.

"People are buying land for home sites, not for speculation as they did before the war," he said.

Increased population, limited expansion space because of geographical conditions, coupled with the desire for individual ownership have contributed to the sellers' market for building sites, he said.

Raymond Smith, executive secretary of the San Francisco Real Estate Board, has cited a report that 25,000 vacant lots between Millbrae and Palo Alto had been approved for subdivision. His was the only estimate as to the actual number heard today, however.

County Bldg. Insp. A. W. Russell said his office had no way of knowing what to expect. But the trend which even under building restrictions showed 169 individual permits issued last month "when 100 is a pretty good month" leads him to believe the future will be on a "large scale." To date this month his office has issued 168 permits for the 447 square miles of unincorporated area.

In Redwood City, Bldg. Insp. L. M. Duncan has already predicted building may hit the two million mark for 1945. Next year might be tripled, he hinted. Even without government restrictions, building will be "tough" because of shortages, he said.

Largest subdivision in Redwood City is located on the Carson-Monckton properties bordering Woodside Rd. where 630 homes are contemplated.

Other local subdivisions and home sites indicate possibly a total of 300 new homes may be constructed here in the next few years.

In San Carlos, Bldg. Insp. O. W. Stewart pointed out building has totaled $1,092,000 to date this year, to surpass the prewar record.

"We fought to get that," he said in reference to priorities, materials and labor. "So we can expect a lot."

One large subdivision has already been approved by the city, and others (one for 40 acres) are pending, he added.

Stewart anticipates a boost in commercial building, as well as residences.

In Belmont, City Clerk Catherine A. Heartsner, reported curtailed building totaled $120,450 during the first seven month of this year. With several houses already under construction and several subdivisions "ready to go," the yearly total may set a new record there, she said.

Atherton residences may increase two-fold in the next five years, citizens there predicted. The many subdivisions, including 20 acres being marketed by Mr. and Mrs. Charles H. Merrill on Glenwood Ave., 40 acres adjoining Alameda de las Pulgas being subdivided by Mrs. Alice Slemons of Palo Alto and a San Francisco realtor, and Lindenwood, being subdivided by Hare, Brewster and Kelley of Palo Alto.

Each of the subdivisions will be highly restricted; homes will be built from $10,000 upwards, subdividers estimated.

Demand for the Atherton lots is high; one two-third acre plot recently was sold for $7500, a near-high record price for that area.

Menlo Park Bldg. Insp. Max Mielke declared building will boom there when materials are more available. At present, $100,000 has been registered this year, and according to Mielke, "a lot is pending".

Few if any persons forsee an abundance of vacant houses for many years to come, in spite easing the housing shortage through new construction.

Prices may "level off" on older houses, one realtor declared. But he believes there will be a demand that will far outweigh the supply for years to come.

Meanwhile, today, bank and building and loan company executives rolled up their sleeves and prepared for an even greater number requests to aid in home financing. Limit on loans to veterans under the GI Bill of Rights is incompatible with the high cost of building, one banker pointed out. But that's only one headache, he said. He agreed it would be a big job to get a house for all those who have set the item Number One on the list for postwar.

Coast Guard Port Units To Disenroll

All units of the Volunteer Port Security Force of the U. S. Coast Guard are scheduled to be disenrolled Sept. 30.

The Peninsula unit is still on duty at Belmont and is probably the last volunteer force unit in service. It will disband on Sept. 29.

The flotilla of the Goast Guard Reserve afloat operating out of the Port of Redwood City went inactive last Monday and the patrol boat was returned to San Francisco Wednesday.

The only activity now retained by the port security organization is supervision of the handling of explosive cargo, both at domestic ports and in foreign theaters from which munitions are being returned, the Associated Press reports.

At the peak of the war effort, more than 250 harbors were under strict coast guard control. Security regulations governed owners and operators of all shore installations, all vessels using harbors, and all individuals arriving or departing on ships or coming to the waterfront for any reason.

In addition to 43,000 coast guard officers and men, some 50,000 persons serving without pay in the Temporary Coast Guard Reserve were at one time engaged in such tasks as guarding waterfront installations from saboteurs, patrolling harbors, inspecting ships, enforcing fire prevention measures and other steps necessary to maintaining the flow of war traffic.

PUBLIC NOTICE

Andrew Renetzky, Atty.

NOTICE OF SALE OF REAL ESTATE—No. 5913

IN THE SUPERIOR COURT OF the State of California, in and for the County of San Luis Obispo.

In the Matter of the Estate of W. W. WILLIAMS, also called WILLIAM WALLACE WILLIAMS, Deceased.

Notice is hereby given, that the undersigned, the Administrator of the Estate of the above named deceased, will sell at private sale, in one parcel, to the highest bidder, upon the terms and conditions, hereinafter mentioned, and subject to confirmation by said Superior Court, on or after Saturday, the 29th day of September, 1945, all the right, title, interest and estate of the said deceased, at the time of his death, in and to the real property hereinafter described, and all the right, title and interest that the said estate has, by operation of law, or otherwise, acquired, other than in addition to that of said deceased, at the time of his death of, in, and to all that certain lot, piece or parcel of land, situate, lying and being in the City of Redwood City, County of San Mateo, State of California, and bounded and particularly described as follows, to-wit:

Lot 11 in Block 19, as designated on the map entitled "MAP OF EAGLE HILL ADDITION REDWOOD CITY BEING RESUBDIVISION OF BLOCKS 5, 6, 8, 9, 11, 12, 13, 14, 15, 18, 19 and 20 of the JAS. A. ROBINSON'S SUBDIVISION SAN MATEO COUNTY CALIFORNIA," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on June 24, 1908, in Book 6 of Maps at page 22.

Terms and conditions of sale: Cash, in legal tender of the United States of America, ten (10%) per cent of the purchase money to be paid at the time of sale; balance on confirmation of sale. Title insurance premium and recording of deed to be paid by purchaser. Taxes for fiscal year 1945-1946 to be pro-rated.

All bids or offers must be in writing, and may be left at the office of Andrew Renetzky, attorney for said Administrator at 846 Higuera Street, Room 8, in San Luis Obispo, California, or may be delivered to said Administrator personally, in said San Luis Obispo, or may be filed in the office of the Clerk of this Court, at any time after the first publication of this notice and before the making of the sale.

Dated September 8, 1945.

L. L. Ipaechler, Administrator of Estate of said W. W. Williams, Deceased.

Andrew Renetzky, Attorney for said Administrator.

Sept. 14, 21, 28, 1945

PUBLIC NOTICE

David Rubenstein, Attv.

Isola, deceased, to the creditors of and all persons having claims against the said deceased, to file them, with the necessary vouchers, within six months after the first publication of this notice, in the office of the Clerk of the Superior Court of the State of California, in and for the County of San Mateo, or present the same, with the necessary vouchers, within six months after the first publication of this notice, to the said Roger Isola and Eugene C. Compton, Executors of the Last Will and Testament of Joseph Isola, also known as Joseph J. Isola, deceased, at Room 712, No. 111 Sutter Street, in the City and County of San Francisco, the same being the place for the transaction of the business of said estate.

Dated this 13th day of September, A. D. 1945.

ROGER ISOLA
EUGENE C. COMPTON

David Rubenstein, Attorney for Executors.

First publication in Peninsula Beacon Sept. 14, 1945.

Sept. 14, 21, 28; Oct. 5, 12, 1945

County Fire Warden Shows Book Profit

County Fire Warden Bert L. Werder is somewhat happier Wednesday with a "back profit" of $15,000 for his 1945-46 budget bank balance.

Original budget allowances for the county forest service expenditures included a $9000 amount alloted by the Clark McNary federal aid law. Today he had the budget revised to include a $24,000 amount. The original low estimate was based on previous figures, he pointed out, and was included before official word the federal appropriation would total the new figure.

Four Escape Injury In Minor Car Crashes

Four persons escaped injury in two minor auto accidents here late Tuesday, police reported.

Cars driven by Robert P. Gilbert, 61, Salinas, and Marie Meehan, 49, 2815 El Camino Real, collided at El Camino Real near Oakwood Blvd. Gilbert's car's windshield was damaged.

Slight auto body damage was done cars driven by Robert Dyer, 45, 718 3rd Ave., and Carl E. Carlson, 64, 111 Berkshire Rd. when they collided at Broadway and Perry Sts.

Preventorium Gets Chest Aid

The San Mateo County Preventorium is only one of the many organizations aided by the Community Chest and War Fund Drive which got under way in the business district here Monday and will start in the residential area Sept. 30.

Undernourished children are cared for at the Preventorium, located on East Popular and Delaware Sts. in San Mateo and the organization does just what the name implies—helps to "prevent" tuberculosis. An average of 30 youngsters are treated at the home and the service is free.

School nurses and the county department of public health and welfare check children found to be suffering from malnutrition and threatened by tuberculosis and they are then turned over to the preventorium for treatment.

The children are kept at the home under the care of registered nurses until restored to health. The home is not a hospital, sick children are not taken into it. The countrywide board of directors include C. M. Doxsee and J. Elmer Morrish of Redwood City. Mrs. Harry S. Dana has been president of the board of directors for 26 years.

Supervisors Act On Memorial Sites

Action on proposed War Memorial sites for San Mateo County moved nearer Tuesday as Supervisors ordered Dist. Atty. Gilbert D. Ferrell and Planning Commission members to confer with IDES members on the Portuguese society's offer to donate its Half Moon Bay property as a site.

The acre-large site, complete with dance hall and other buildings, was offered by the society, providing the board permit the society to hold its annual festival there rent-free, in perpetuity. E. A. Holgerson, of Half Moon Bay Chamber of Commerce, appeared to urge immediate action. Definite acceptance of the offer was delayed at the board's request, so inspection of the property could be completed.

Hillsborough Woman Leaves $40,000 Estate

Inventory and appraisement of the estate of the late Frances B. McKay was filed with County Clerk W. H. Augustus Wednesday by J. A. Lee. Value of the Hillsborough woman's estate was set at more than $40,000, consisting of cash, bonds and real property.

SAFEWAY for naturally fresh PRODUCE

Enjoy Summer this winter

There are lots of fresh fruits and vegetables now . . . packed with healthful goodness. So can or preserve them while they're at their flavorful best . . . you'll enjoy their grand summer taste with winter meals. You'll enjoy the savings too, for prices are lowest when fresh things are plentiful.

How to shorten your kitchen hours

So you feel like a leisurely stroll these warm Indian Summer days . . . but there's the evening meal to think of? Well . . . let's put it all in one dish! Can you think of anything easier and, at the same time, good for your family? Let's take the various fresh flavorsome vegetables, available now, put 'em in the same dish, season, and presto! you have a meal . . . and the whole day before you. Dessert and a simple salad may be added to complete the easy meal.

IOWA VEGETABLE PUDDING

- 2 eggs
- 2 cups milk
- 2 cups cut-up cooked vegetables such as carrots or green beans; corn, peas, etc.
- 1 tsp. salt
- ⅛ tsp. pepper
- 1½ tbsps. melted butter or margarine
- ½ cup finely chopped green pepper
- ½ to 1 cup grated cheese

Beat eggs; add milk, vegetables, seasonings, and butter or margarine; mix well; add green pepper. Pour into well-greased casserole or baking dish; sprinkle with cheese. Bake in pan of hot water in moderate oven (350° F.) about 45 minutes, or until silver knife inserted in center comes out clean. Serve topped with strips of fried luncheon meat or creamed left-over meat or chicken. Serves 6.

GARDEN POTPIE

- 4 tbsps. shortening
- 4 tbsps. flour
- 1½ cups milk
- ½ cup liquid from mushrooms
- 1½ tsp. salt
- ¼ tsp. pepper
- 1 4 oz. can button mushrooms
- 2 cooked carrots, cubed
- 6 small onions, quartered
- ½ cup cooked string beans
- 1 cup whole kernel corn
- Biscuit dough

Melt shortening, blend in flour; add milk and liquid gradually, stirring until smooth. Add seasonings, mushrooms and cooked vegetables. Line sides of casserole or baking dish with biscuit dough; add vegetables; top with crust. Bake 10 minutes in hot oven (450° F.); reduce heat and bake 25 minutes, or until done, in moderately hot oven (400° F.). Serves 6.

DEEP DISH APPLE PIE

Pastry
- 2 cups sifted all-purpose flour
- ½ tsp. salt
- ⅔ cup shortening
- 4 tbsps. cold water

Filling
- 1¼ cups sugar
- 1 tsp. cinnamon
- ½ tsp. nutmeg
- 2 qts. sliced apples
- 2 tbsps. butter or margarine

Sift flour with salt. Cut in shortening. Add water gradually, mixing lightly with fork just until mixture holds together. Press into a ball. Roll out on lightly floured board to ⅛-inch thickness; line sides of deep 8-inch baking pan. Combine sugar, cinnamon and nutmeg, then mix well with apples. Arrange in pan, dot with butter or margarine; cover with square of pastry which has design cut in top to allow steam to escape. Bake in hot oven (450° F.) 15 minutes; reduce to moderate oven (350° F.); continue baking an additional 50 minutes.
